Energy Savings Opportunity Scheme

Getting the most out of your energy

Journey to **net zero** with Aster Building Services Ltd

EXPERTS IN REFRIGERATION, HEATING,
VENTILATION & AIR CONDITIONING,
M&E DESIGN AND CONSULTATION

COMMERCIAL AIR CONDITIONING

Installation and maintenance of Commercial Air
Conditioning Systems

F-gas Leak Testing and Compliant Record
keeping

VRF/VRV systems

Chillers and chilled water plant

Splits and Multi Splits & Air Conditioning
Inspections (TM44)

HEAT PUMP INSTALLATION

Installation, Servicing & Maintenance

Experienced & Accredited Heating Engineers

Expert Heat Pump & Heating Services

Reduce Your Heating Costs; Environmentally
Friendly

COMMERCIAL HEATING SYSTEM SERVICES

Commercial Heating Systems

Boiler Room Refurbishment

Gas Installation and Testing

Gas Proving and Monitoring

Gas Safety Systems and Controls

COMMERCIAL VENTILATION SYSTEMS SERVICES

Commercial Ventilation Systems

Air Handling Units

Heat Recovery Ventilation

Fresh Air & Extract

Fan Coil Units

Filtration

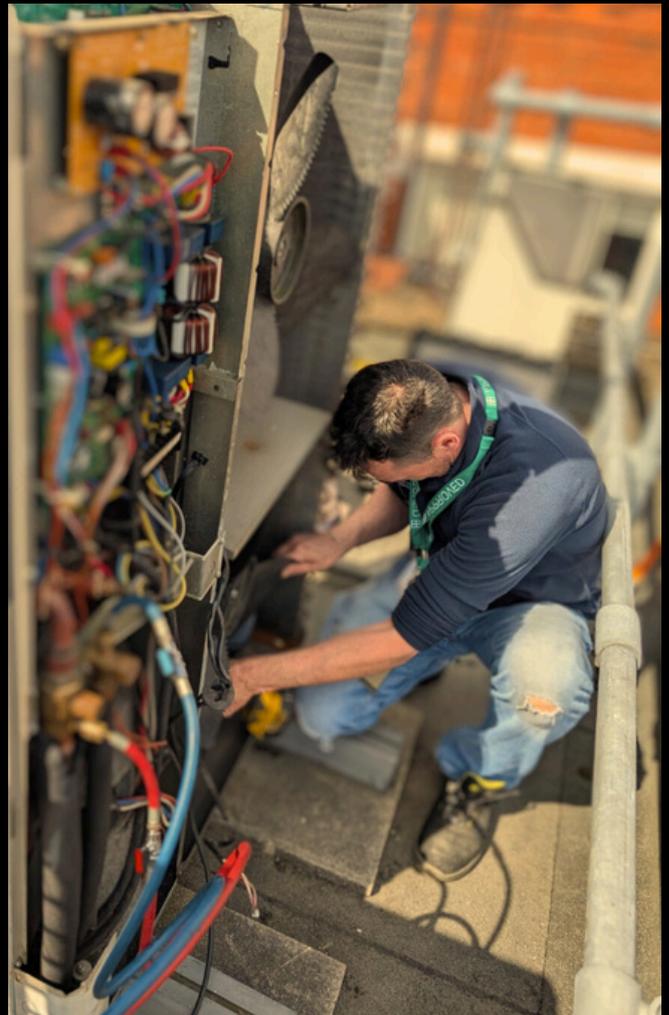

Drive Belt Tension and Alignment

Fan Condition and Bearing Wear

Heating and Chilled Water Battery Operation

Leak Checks

Correct Operation of Controls

COMMERCIAL COLD ROOM DESIGN AND INSTALLATION

Ultra-Low Temperature Freezer Service

Cold Room Design and Installation

Refrigerated Cabinets

Bottle Coolers

Blast Chillers and Freezers

Compliant with EU Legislation on F-Gas
Refrigerants and Ozone Depleting Substances

Service and Test Major Components and Safety
Devices

Carry Out Statutory Leak Tests

HARD FACILITIES MANAGEMENT

CIBSE Low Carbon Consultancy

Compliance

Fully Managed Service

HVAC Mechanical and Electrical

Building Energy Management Services (BEMS)

Fire Extinguisher and Fire Safety Equipment

Lifts

Plumbing and Drainage

Ventilation and heating

Air Conditioning

Refrigeration

Water Hygiene, Testing and Treatment

Utilities Sub-Metering and Monitoring
